Fuzz Factory . This is the flagship Z. Vex pedal, a five-knob wonder that often expresses itself whether you are playing or not. It can be set to oscillate at any pitch, and depending on your guitar's volume control (which becomes a mix control) will intermodulate with your guitar's signal to form "partially tuned" radio effects.

Simply superb. And then there's the little box sr good acronym Zvex and his little red cloth coating enclosing the pedals and using ds fantasy. Ms. habitu the hair is still a small effect. UTILIZATION The use is very simple. The manual gives some explanations but also demonstrated the humor of Zachary Vex dcidment who does nothing like the others.
